Trade-marks Journal

2017-05-24 — Vol. 64 No. 3265

Canada

Trade-marks Journal

Vol. 64 No. 3265

General Information

The *Trade-marks Journal* is published every week in compliance with Rule 15 of the *Trade-marks Regulations*. The Registrar of Trade-marks cannot guarantee the accuracy of this publication, nor assume any responsibility for errors or omissions or the consequence of these. All mail relating to trademarks should be addressed to the Registrar of Trade-marks, 50 Victoria Street, Gatineau, Quebec, Canada, K1A 0C9.

Electronic *Trade-marks Journal*

The *Trade-marks Journal* is available in electronic form on the CIPO web site (http://cipo.gc.ca). The *Journal* is available in PDF format and can be downloaded free of charge, viewed and printed with Adobe Acrobat Reader. The electronic form of the *Trade-marks Journal* is the official version.

The *Journal* is also available in a printable HTML format as an alternate official version, and contains a search function to narrow and customize the *Journal* content to user defined areas of interest.

Official Languages

The *Journal* is available in English and in French. The application details are displayed based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the Journal are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the Journal have been translated. Any registration resulting from the application will be restricted to these goods or services described therein.

Filing Dates

The filing date of each trademark application advertised in the *Trade-marks Journal*, including those to extend the statement of goods or services of an existing registration, is shown next to the application number in the sequence of Year, Month and Day.

Nice Classification

The *Journal* includes reference to the Nice classification when the goods or services of an application have been grouped and classed by the applicant in accordance with the current version and edition of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Trade-marks Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Trade-marks Journal* may file a statement of opposition with the Registrar of Trade-marks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

commercial use, electric irons; parts of the aforesaid goods; (d) hand tools and implements (hand-operated); razors; electric and non-electric hair clippers and hair trimmers; scissors to trim hair; nail clippers; depilation appliances, also serving as nose cleaners, namely, electric depilatory appliances, non-electric depilatory appliances; electric or non-electric hair-removing tweezers; electric or non-electric nail files; electric or non-electric manicure and pedicure sets; punches for making holes in teats (hand tools); forceps for picking up teats and other objects from a sterilizer; electric irons and steam irons; electric hair stylers, namely, hair crimping irons, hair curlers, electric flat irons, hair dryers, hair diffusers; parts of the aforesaid goods; (e) apparatus and instruments for conducting, switching, transforming, accumulating, regulating or controlling electricity, namely, electric capacitors, electric converters, electric control panels, electric relays, electrical wires and cables, electrical transformers, power switches; electric and electronic components, namely, semiconductor diodes, resistors, capacitors, transistors, conduits, conductors, namely, electrical wire, electrical cables and couplers; television apparatus, namely, television decoders, television converters, television receivers, television sets, remote controls for televisions, antennas for television; telephones, mobile phones; telephone answering machines; dictating machines; computer software to control electrical lighting and electrical control systems for lighting systems; light-emitting diodes (LEDs), LED modules fully or partially consisting of integrated LEDS, OLEDs, polymer light-emitting diodes; optical control apparatus, namely, motion sensors, thermal control apparatus, namely, electrical control systems for heating and air conditioning systems; apparatus for recording, transmission or reproduction of sound or images, namely, sound and video recording and playback machines; loudspeakers, loudspeaker horns; magnetic data carriers and recording discs, namely, blank video and audio tapes, cassettes, hard disk drives, CDs and DVDs, prerecorded video and audio tapes and records, cassettes, hard disk drives and CDs and DVDs containing music and entertainment programming, namely, motion picture films, television programs, film shorts, animated features, and documentaries in the fields of lifestyle, health, fitness , medicine, beauty, travel, entertainment, instructional, family, business, media and politics; data processing equipment, namely, computers and computer hardware; computer software for lighting systems, namely lighting control panels and computer software programs for controlling lighting systems, software for medical applications, namely, software for recording, checking, distributing, analyzing and reporting medical images, software for supporting medical diagnostics and treatment , namely software for recording, checking, distributing, analysis and reporting preoperative and intraoperative medical and surgical images and patient medical information irrespective of modality or anatomy; software for image and patient medical information management, namely, software used in the field of Picture Archiving and Communication System, namely, medical imaging technology for providing economical storage and convenient access to images from multiple modalities, namely, X-ray plain film (PF), computed tomography (CT) and magnetic resonance imaging (MRI), computer software programs for use in database management of medical records, software for use in image guided and cardiac surgery, software used for integrated viewing and processing of preoperative and intraoperative medical and surgical images to guide, capture and relay patient anatomy and surgeon's precise movements concerning the patient to computer monitors in the operating room in the fields of radiography and radiology, software to permit a user to retrieve, display, and browse preoperative and intraoperative medical and surgical images and patient medical information, software and interfaces for searching, navigating, storing, arranging, reproducing and browsing data and data files, namely, images from multiple modalities, namely, X-ray plain film (PF), computed tomography (CT) and magnetic resonance imaging (MRI) and patient medical information and for database management, computer software, embedded computer software, and computer chips, all for use for encoding and decoding of data or information and for copy protection or for embedding, verifying and detecting watermarks in audio, video and data files; computer mice, data entry apparatus, namely, computer keyboards, trackballs, touch pads and computer game joysticks; remote controls and peripheral control devices, namely, computer keyboards, computer game joysticks for personal computers, for media center computers ; pointing devices, namely, electronic, infrared and laser pointers, optical sensors; detectors, chips, namely, silicon chips, semiconductor chips, metal detectors, smoke detectors; semiconductors, integrated circuits; alarms, namely, security and fire alarms, burglar alarms; scales for babies; Digital Enhanced Cordless Telecommunications (DECT) monitors, namely, baby monitors, computer monitors, central processing unit for baby monitors, fever thermometers and electronic fever thermometers, namely, baby pacifier thermometers; anti-radiation garment; downloadable electronic publications, namely, periodical publications, magazines, brochures, provided online from databases or on the Internet; prerecorded video and audio tapes and records, cassettes, hard disk drives, CDs and DVDs, video game cartridges and cassettes containing music, movies, photos , computer games, news, documents, namely, books, manuals, reports, leaflets and printed guides in the field of patient health, mother and child care, skin and facial care; blank video and audio tapes and records, cassettes, hard disk drives, CDs and DVDs and video game cartridges and cassettes; computer software programs and software applications for mobile phones and personal digital assistants, namely, computer software to enable the transmission of photographs to mobile telephones, computer software that allows transmission of graphics to mobile phones, computer games for use on mobile and cellular phones, applications for mobile phones for accessing weather information, applications for mobile phones in the form of downloadable sports games, multimedia applications for mobile phones in the form of word games, computer software for creating, sending and receiving e-mail, computer software for image processing, computer software for organizing and viewing digital images and photographs, computer software for predictive and corrective text entry for use with smart phones, tablet computers and personal digital assistants, computer software for word processing, computer software that allows transmission of graphics to mobile telephones, network access server operating software; computer programs for accessing, browsing and searching online databases, namely, computer software for database management; computer software and firmware, namely operating system programs, data synchronization programs, and application development computer software programs for personal and handheld computers; spectacle frames, eyeglasses, sunglasses; fridge magnets; monitoring apparatus, electric, namely, baby monitors; baby monitors; audio monitors, namely, audio receivers, sound level meters; video monitors; monitors, namely, video monitors; chargers for electrical storage batteries; general purpose batteries and rechargeable general purpose batteries; rechargeable electrical storage battery pack, rechargeable automotive battery pack, rechargeable general purpose battery pack; central processing unit for baby monitor; electric connections for baby monitor; electrical power extension cords; electronic charger stand for the parent unit of baby monitoring systems; parts of baby monitors; bath and room thermometers; digital photograph frames; stress meters in the form of a wristband and related computer software for monitoring heart rates; X-ray apparatus, tubes, installations and instruments for medical use, namely, X-ray diagnostic apparatus, X-ray CT scanners, medical hearing instruments, structural parts of the aforesaid articles, feeding bottles, teats, pacifiers and teething rings, spoons for administering medicines, incubators for babies, breast pumps, nursing appliances for use in breast feeding, namely, breast shields and nipple protectors, thermometers for medical use, sterilizing units for medical purposes, structural parts for all the aforesaid goods; parts of the aforesaid goods; (f) surgical, medical, instruments and apparatus, namely, medical scanners, namely, CT scanners, gamma ray imaging apparatus, respiration monitoring and flow measurement devices and accessories, namely, textile headgear specifically adapted for use with medical ventilator mask interfaces, oxygen masks for medical use and medical electrodes, oxygen generation and delivery devices for medical purposes, namely, oxygen inhalators, hyperbaric oxygen chambers, oxygen inhalers sold empty, diagnostic sleep monitors and sensors, patient information management devices, namely, heart monitors, medical apparatus and instruments for monitoring oxymetory, gas analysis, vital signs, blood properties and respiratory events, portable patient monitors, namely, heart monitors, blood pressure monitors, fetal pulse monitors, infant related diagnostic, treatment, and growth and development support devices, namely, orthopedic supports, and asthma and allergy related products, namely, inhalers for medical purposes, anaesthetic inhalers, medical apparatus for diagnosing and treating respiratory conditions, MRI scanners, radiology, ultrasound and fluoroscopy scanners, defibrillators, patient monitors, namely, heart monitors, blood pressure monitors, patient monitors for critical care and anesthesia, electrocardiographs, lights and lamps for medical, curative, surgical, dental and veterinary use, namely, sensory light therapy units, medical examination lamps, electric blankets, devices and instruments for medical use, namely, ultraviolet lamps for medical purposes, ultraviolet radiator units for therapeutic purposes, infrared radiator units for therapeutic purposes; clothes especially for operating rooms, namely, medical gowns, surgical gowns; electric lights, namely, light bulbs and electric lamps for medical, curative, surgical, dental and veterinary use; artificial limbs, eyes and teeth; electric blankets for medical use; ultraviolet ray lamps for medical purposes; hearing instruments, namely, hearing aids, medical hearing instruments and parts of such devices; feeding bottles; teats and soothers, including pacifiers, also chains, clips and other similar holders therefor; teething rings; spoons and medical feeders for administering medicines, namely, intravenous feeding bottles, medical feeding tubes; incubators for medical purposes, namely, incubators for babies, incubators for bacteria culture, and laboratory incubators; breast pumps; nursing appliances for use in breast feeding, namely, breast shields and nipple protectors; thermometers for medical use; condoms; incubators for babies; commode chairs for babies and children; massage apparatus, electric or non-electric, body and breast massage apparatus, namely , massage chairs, massage tables, vibrators massagers; gloves for massage; vibration generating apparatus for massage; pregnancy support belt; babies bottles; disposable feeding bottles; disposable babies bottles; nipple shields; icepack for medical purposes; breast milk storage bottles, pouches and other similar containers, that also can be frozen or heated; dummies for babies; ear and forehead thermometers for medical use; medical apparatus for removing nasal mucous, namely, external nasal dilators, nasal aspirators, nasal irrigation vessels and naval lavage vessels; lasers for medical and cosmetic treatment of the face and the skin; skin rejuvenating apparatus, namely, portable laser systems, consisting of a handheld laser for use in cosmetic, medical and dermatological treatment of the face and the skin; dental instruments and tools for dental bleaching, or whitening, namely dental curing lights, curing dental bite trays, intra-oral dental lights, and polymerization apparatus for dental purposes; parts of the aforesaid goods; (g) installations, apparatus and instruments for lighting, heating, steam generating, cooking, refrigerating, freezing, drying, ventilating, water supply and sanitary purposes, namely, light bulbs, lighting fixtures, boilers for heating installations, central heating radiators, electric radiant heaters for household purposes, electric radiators for heating building, heat exchangers, heat pumps, heating boilers, heating radiators, portable electric heaters, steam superheaters for industrial purposes, steam generators, steam generating installations, steam cookers, cookware, electric cooking pots and pans, microwave ovens for cooking, slow cookers, convection ovens, stoves, refrigerators, freezers, clothes dryers, dehumidifiers, ventilating fans, ventilating ducts, industrial water tanks, water softening units, water sterilizers, hydraulic pumps, sewer pipes; electric grills, toasters, bread-making machines, stone grills, sandwich makers, toasted sandwich makers, coffee makers, filter coffee machines, electric kettles, steamers (for cooking), rice cookers, ovens and microwaves; electric lamps; humidifiers and dehumidifiers and parts therefore; apparatus and instruments for air conditioning, namely, air filters for air conditioning units, hoses for air conditioners, air conditioners, air conditioning ducts, evaporators for air conditioners, electrical control systems for air conditioning systems, compressors for air conditioners; toasters; hot water tanks; installations for liquefying gases, namely, air compressors, gas compressors, and electric compressors; apparatus and instruments for sterilizing, namely, sterilizers for medical use, sterilizers for laboratory use, baby bottle sterilizers; heaters and warmers for feeding bottles, foodstuffs, liquids and solids, namely, microwave ovens, conventional ovens; steam generators used to generate steam for ironing purposes, for domestic use; air filters, air purifiers and air humidifiers, namely, air purifiers for household purposes, industrial air purifiers, air filtering units for removing dust, smoke and allergens from the air; hot water bottles; electric fryers and low-fat fryers; electric hair dryers; electric coffee makers; garment steamers; coolers for breast milk; parts of the aforesaid goods; (h) precious metals and their alloys; jewellery made of precious metals or coated therewith; statues and statuettes of precious metals or coated therewith; jewellery, including bracelets for babies and young children; precious stones; horological and other chronometric instruments, namely, watches, pocket watches, time clocks, chronometers, bracelets for babies and young children; clocks; alarm clocks; watches; sleep trainer clocks; rough and processed industrial diamonds; parts of the aforesaid goods; (i) paper; cardboard; printed matter and publications, namely, newspapers, periodicals, books, catalogues, brochures, folders, posters, diaries, newsletters and magazines; bookbinding material; photographs; stationery, namely, writing stationery, office paper stationery; writing material, namely, writing stationery, writing instruments, notebooks, paper; pencils; pens; materials for packaging of plastic, paper or cardboard, namely, adhesives for use in the consumer packaging industry, metal strapping for packaging, cushioning for the inner packing of packaging containers, packaging containers of paper, packaging containers of plastic; adhesives for stationery and household use; artists' materials, namely, artists' paint, painters' easels, paint applicators, drawing pads, painters' articles in the form of drawing boards, pencils for painting and drawing; paint brushes; typewriters and office requisites, namely, office requisites in the form of finger-stalls, paper folding machines as office requisites, paper clips, paper trays, paper trimmers, staple removers, paper punchers, rubber bands, clipboards; letter openers; instructional and teaching material, namely, blackboards and scrap books, chalk, electronic games for the teaching of children , luminous pointers; printers' type; printing blocks; cliches (stereotypes); disposal paper wipes (tissues) for use on babies and infants; bibs and disposable bibs made of paper; table napkins of paper; plastic bags for packaging ice bags for microwave cooking; plastic oven cooking bags; handkerchiefs of paper; paper wipes with cellulose; banners of paper; parts of the aforesaid goods; paintings on silk; (j) leather and imitations of leather; skins and hides; trunks and travelling bags; umbrellas, parasols and walking sticks; whips, harness and saddlery; baby slings and baby harnesses; ruck sacks, knap sacks, hand bags; baby changing bags; diaper bags; parts for all the aforesaid goods; (k) picture frames; plastic fixings for furniture; locks, namely, padlocks and door locks, and safety latches, not of metal; corner protectors of plastic for furniture; doorstop protectors, not of metal; safety gates for stairs and door openings; bed rails, high chairs; cots and baskets for babies and young children; pillows; changing mats; baby nest in the nature of padded carriers; support pillows for use in baby car safety seats and baby car safety seats (head supporting pillows, not adapted); baby head support cushions; breast feeding pillows; parts for all the aforesaid goods; (l) household containers for use in the sterilization of babies' feeding bottles, and closures for such containers, heat insulated containers for household use, namely, heat insulated containers for baby feeding bottles, baby food containers, sold empty, small domestic utensils and containers not of precious metal or coated therewith, namely, strainers, sieves, containers for household use, cups and drinking vessels adapted for feeding babies and children, pouring spouts for cups, adapted for feeding babies and children, cups for food, non-electric heat insulating jugs, feeding bottle brushes, non-electric heaters for feeding bottles, feeding cups for children, household containers for use in the sterilization of babies' feeding bottles and closures for such containers, heat insulated containers for food or beverages, milk powder dispensers, heat insulated containers and carriers for baby food and beverages; combs, namely, combs for back-combing hair and sponges, namely cleaning sponges for not surgical use, namely, bath sponges, all purpose scouring sponges;

brushes, namely, feeding bottle brushes, manual toothbrushes, electric toothbrushes, electrical toothbrushes incorporating oral irrigators, parts of and accessories to aforesaid goods, namely, carrying pouches, and brush heads for electric toothbrushes, timers for indicating desired brushing times that are structurally incorporated into electronic toothbrushes, brushes, namely, brushes for cleaning babies feeding bottles; toothbrushes, finger toothbrush; apparatus for cleaning teeth and gums, for home use, namely, teeth cleaning lotions, toothbrushes, tooth cleaning preparations, toothpicks, dental floss; flossing instruments for dental care; dental instruments, which use water and air for dental care, for home use; brush-making materials in the field of feeding bottle brushes, manual toothbrushes, electric toothbrushes, electrical toothbrushes incorporating oral irrigators, parts of and accessories to aforesaid goods, namely, carrying pouches, and brush heads for electric toothbrushes, timers for indicating desired brushing times that are structurally incorporated into electronic toothbrushes, brushes, namely, brushes for cleaning babies feeding bottles; electrically heated hair brushes; electric hair combs; electric rotating hair brushes; articles for cleaning purposes, namely, all purpose cleaning preparations; glassware, namely, table glassware and decorative figurine glassware, porcelain and earthenware, namely, figurines and statuettes; cups and vessels adapted for feeding babies and children, namely, baby bottles, drinking flasks, beverage containers, food storage containers; spouts for cups, adapted for feeding babies and children; cups for food; containers for use in the sterilization of babies' feeding bottles and closures for such containers; milk powder dispensers; heat insulated containers for household use, namely, heat insulated containers for baby feeding bottles; baby food containers; non-spill covers or caps for use with cups; baths and potties for babies; bowls and buckets, namely, packaging buckets and ice buckets; drinking vessels, namely, drinking cups, drinking flasks, drinking glasses, beverage containers; boxes and holders for household use, namely, for storing, freezing, preserving, transporting and heating of breast milk; thermal and isothermic containers to keep bottles and cups warm or cool, namely, thermal insulated containers for food or beverages; insulated and vacuum flasks and vacuum bottles; parts of the aforesaid goods; (m) textiles and textile goods, namely, textile fabrics; bed covers; table covers not of paper; bed linen, textile goods for furnishing purposes; pram and cot linen; textile wipes not impregnated with toilet preparations or cosmetics; cloth napkins and napkins made of textile; place mats not of paper; cloth fabrics, namely, fabrics for textile use, insulating fabrics, brattice cloth, abrasive cloth; cord fabrics, namely fabrics for textile use, insulating fabrics; felt (fabrics); towels of textile; bed clothes; bed linen; loose covers for furniture; washing mitts; banners not of paper; (n) headgear, namely, hats, sports helmets, caps, visors; bibs not of paper, also for babies; scarves (clothing); (o) games and playthings, namely, table top games, video games, children's multiple activity toys, toy figurines, party games, playing cards and card games, board games, toy figures, stuffed toy bears; decorations for Christmas trees ; rattles (toys); dolls

SERVICES

(1) (a) retail store services featuring household appliances, household electronic apparatus, and cooking apparatus, namely, food blenders, can openers, food processors, fruit presses, salt mills, pepper mills and mixers, knives, kitchen appliances for dicing and mincing food, vacuum cleaners, carpet cleaning machines, floor cleaning machines, steam cleaning machines, ironing machines and ironing presses, razors, electric and non-electric hair clippers and hair trimmers, scissors to trim hair, nail clippers, electric or non-electric depilation appliances, also serving as nose cleaners, electric or non-electric hair-removing tweezers, electric or non-electric nail files, electric or non-electric manicure and pedicure sets, hand tools, namely, punches for making holes in teats, hand tools, namely, tongs for picking up teats and other objects from a sterilizer, electric irons and steam irons, electric hair stylers, electric grills, electric toasters, electric bread-making machines,

electric stone grills, electric sandwich makers, electric sandwich toasters, electric coffee makers, electric filtered coffee machines, electric kettles, electric food steamers, electric rice cookers, baking ovens, electric cooking ovens and microwave ovens, electric lamps, humidifying and dehumidifying installations, heaters and warmers for feeding bottles, steam generating apparatus to generate steam for ironing purposes, for domestic use, air filters for domestic use, air purifiers and air humidifiers, electric fryers and electric low-fat fryers, electric hair dryers, garment steamers, toothbrushes, finger toothbrushes, apparatus for cleaning gums and between teeth, namely, electronic flossers which use water and air to clean between teeth, electrically heated hair brushes, electric hair combs, electric rotating hair brushes for styling hair, surgical, medical, dental and veterinary instruments, furniture, household and kitchen utensils, clothing, business management, business administration; advertising the goods and services of others; business management; business administration; office functions, namely, copying of documents for others, office functions in the nature of tracking and tracing of documents, letters, packages in transit; (b) insurance; financial and monetary affairs, namely, financial planning, financial analysis and consultation, financial appraisals, preparing financial reports, financial forecasting; real estate services; (c) building construction; repair and installation services of medical machines and apparatus and consumer electronics and household apparatus, namely, medical scanners, gamma ray imaging apparatus, respiration monitoring and flow measurement devices, defibrillators, patient monitors, televisions, audio sound systems and radios, computers and multimedia computers, electric razors and hair trimmers, coffee and tea makers, electric grills, electric woks, electric rice cookers, water heaters, water purifying apparatus, electric toothbrushes; installation services of medical apparatus and electrical consumer electronics and household apparatus, namely, medical scanners, gamma ray imaging apparatus, respiration monitoring and flow measurement devices, defibrillators, patient monitors, televisions; technical support services, namely, repairing and upgrading of computer system hardware, computer printers, and computer hardware and software for medical apparatus; providing maintenance and repair services for medical apparatus, namely, medical scanners, gamma ray imaging apparatus, respiration monitoring and flow measurement devices, defibrillators, patient monitors; providing maintenance and repair services to home owners buying, and dealers selling major appliances and consumer electronics products, namely, televisions, audio sound systems and radios, computers and multimedia computers, electric razors and hair trimmers, coffee and tea makers, electric grills, electric woks, electric rice cookers, water heaters, water purifying apparatus, electric toothbrushes; (c) telecommunications, namely, audio teleconferencing and providing multiple user access to a global computer network, personal communications services, rental of telecommunication apparatus, namely, optical fibers, multiplexers, modems, mobile phones, smart phone, microphones, global positioning system (GPS) receivers, global positioning system (GPS) satellites, global positioning system (GPS) transmitters, providing access to computer databases in the field of medical records, providing access to computer networks, namely , Global Computer Network, Local Area Network (LAN), Wide Area Network (WAN), Wireless Local Area Network (WLAN), Metropolitan Area Network (MAN), Storage Area Network (SAN), Campus Area Network (CAN), Personal Area Network (PAN), Interactive delivery of video, namely, video conferencing services over digital networks, namely, the Internet, Wireless Local Networks and Global Computer Networks, providing automatic television programs and video recording services which are automatically initiated on the basis of customer viewing habits and preferences, professional consultancy in the field of telecommunications technology, namely, network routers network servers, professional consultancy in the field of telecommunications services, namely, teleconferencing and video conferencing services to a global computer network and professional consultancy in the field of telecommunications technology, namely, providing telecommunications connection, namely, teleconferencing and video conferencing services to a global computer network; (d) education services, namely providing tutorial sessions in the field of mother and child care, skin and facial care; providing of training in the field of mother and child care, skin and facial care, conducting of educational seminars in the field of medical matters and health, namely, orthodontics, orthopedics, anesthesiology, cardiology, dermatology, gastroenterology, public health , teaching services in the field of orthodontics, orthopedics, anesthesiology, cardiology, dermatology, gastroenterology, public health, providing of training services in the field of workplace and occupational health and safety, providing training related to the use of medical equipment, namely, X-ray CT scanners, respiration monitors, hyperbolic oxygen chambers, diagnostic sleep monitors and sensors;; providing of training in the field of providing classes, seminars, workshops in the fields of mother and child care, healthcare, conducting of educational seminars in the field of medical matters and health, namely, orthodontics, orthopedics, anesthesiology, cardiology, dermatology, gastroenterology, public health, teaching services in the field of orthodontics, orthopedics, anesthesiology, cardiology, dermatology, gastroenterology, public health, providing of training services in the field of workplace and occupational health and safety, providing training related to the use of medical equipment, namely, X-ray CT scanners, respiration monitors, hyperbolic oxygen chambers, diagnostic sleep monitors and sensors; entertainment services in the nature of concerts, namely, live music concerts, arranging and conducting of concerts, concert booking, arranging and conducting of workshops in the field of mother and child care, skin and facial care; entertainment services in the nature of concerts, namely, live music concerts, arranging and conducting of concerts, concert booking, arranging and conducting of workshops in the field of mother and child care, skin and facial care provided via the Internet (e) scientific and technological services and research and design relating thereto, namely, consultancy in the field of energy saving , namely, consultancy in the field of engineering services in the field of energy efficiency, development of new technologies for others in the field of energy-saving and environmental protection, and research and design relating thereto, industrial research in the fields of lamps, batteries, magnets, CDs and DVDs, display tubes, lenses, PolyLEDs, LCDs, coatings, glass, ceramics, polymers, solvents, surfaces, namely, road surfaces, clean room air compositions, namely, air filtering units for removing dust, smoke and allergens from the air, air fresheners, room fragrancing preparations, and research services in the field of microsystems engineering and nanotechnology, namely application-specified integrated circuits (ASICs), technical, commercial and industrial trade secrets and research services in the field of microsystems engineering and nanotechnology, in the field of physics, chemistry, biology and multidisciplinary engineering, in the field of chemical engineering, civil engineering, genetic engineering, mechanical engineering and nuclear engineering, technical, commercial and industrial trade secrets, namely, industrial analysis and research services namely, research in the field of environmental protection, industrial research services in the field of medical apparatus and equipment, aeronautics, design and development of computer hardware and software; industrial analysis and research services, namely, consultancy in the field of energy saving, namely, consultancy in the field of engineering services in the field of energy efficiency, development of new technologies for others in the field of energy-saving and environmental protection, and research and design relating thereto, industrial research in the fields of lamps, batteries, magnets, CDs and DVDs, display tubes, lenses, PolyLEDs, LCDs, coatings, glass, ceramics, polymers, solvents, surfaces, namely, road surfaces, clean room air compositions, namely, air filtering units for removing dust, smoke and allergens from the air, air fresheners, room fragrancing preparations, and research services in the field of microsystems engineering and nanotechnology, namely application-specified integrated circuits (ASICs), technical, commercial and industrial trade secrets, and research services in the field of microsystems engineering and nanotechnology, in the field of physics, chemistry, biology and multidisciplinary engineering, in the field of chemical engineering, civil engineering, genetic engineering, mechanical engineering and nuclear engineering, technical, commercial and industrial trade secrets, namely, industrial analysis and research services namely, research in the field of environmental protection, industrial research services in the field of medical apparatus and equipment, aeronautics, design and development of computer hardware and software; design and development of computer hardware and software; operation of a website that provides online social networking, online social networking services, namely, social network services for monitoring babies and infants (f) medical services in the field of providing breastfeeding information, provision of health and beauty treatments, namely, cosmetician services, beauty salons, operating of public baths for sanitary purposes, teeth whitening services, nursing home services, providing of respite care, medical advice in the nature of the welfare of babies, infants, children and mothers, rental of medical equipment; veterinary services; providing breastfeeding information; provision of health and beauty treatments, namely, cosmetician services, beauty salons, operating of public baths for sanitary purposes, health clubs, health spa resorts; teeth whitening services; nursing home services; providing of respite care; medical advice in the nature of the welfare of babies, infants, children and mothers; rental of medical equipment; medical services provided via the Internet and mobile networks, namely, providing breastfeeding information, provision of health and beauty treatments, namely, cosmetician services, beauty salons, operating of public baths for sanitary purposes, teeth whitening services, nursing home services, providing respite care, medical advice in the field of the welfare of babies, infants, children and mothers, rental of medical equipment; (g) legal services

CLAIMS

Proposed Use in CANADA on goods and on services

Application Number 1,693,072 **Filing Date** 2014-09-09

Goods

Class 09

(1) Video games for arcade video game machines in the fields of health administration, labor management, safe administration, nursing care, medical care, beauty care and sporting activities; measuring and testing machines and instruments, namely, sensors and monitors to be worn by a user to acquire, process, store and transmit biometric data of the user, namely, nanofiber laced clothing with conductive fibres; telecommunication machines and apparatus, namely, biometric sensors and wrist bands used for the wireless transmission biometric data of the user to computers , cloud storage networks, or mobile phones; computers; computer hardware; computer display screens; electron tubes; semi-conductor elements; electronic circuits [not including those recorded with computer programs]; computer programs for use with biometric monitoring clothing for receiving, processing, storing, transmitting and displaying the biometric data of the user; computer programs for health administration, labor management, safe administration, nursing care, medical care, beauty care and sporting activities; video games for home video game machines in the fields of health administration, labor management, safe administration, nursing care, medical care, beauty care and sporting activities; electronic circuits and CD-ROMs recorded with computer games for hand-held games with liquid crystal displays in the fields of health administration, labor management, safe administration, nursing care, medical care, beauty care and sporting activities; downloadable image files; pre-recorded video discs and video tapes containing health administration, labor management, safe administration, nursing care, medical care, beauty care and sporting activities; electronic publications in the field of biometrics, health administration, labor

management, safe administration, nursing care, medical care, beauty care and sporting activities; downloadable digital images and videos featuring information in the field of biometrics, health administration, labor management, safe administration, nursing care, medical care, beauty care and sporting activities

Class 14

(2) Clocks and watches

SERVICES

Class 35

(1) Marketing research or analysis; providing information concerning commercial sales; collecting, analyzing and providing electronic biometric data about customers via a global computer network; collecting, analyzing and providing information about customers in the fields of health administration, labor management, safe administration, nursing care, medical care, beauty care and sporting activities; business management and administration of on-line shopping mall; advice in the fields of business management and marketing and providing information relating thereto; business administration consultancy and providing information relating thereto; business administration assistance and providing information relating thereto; business management consultancy, namely, labor management and safe administration, and providing information relating thereto; management of the Internet auction; auctioneering; office functions, namely, filing, in particular documents or magnetic tape; data search on the Internet (for others); compilation of information into computer databases; advertising the goods and services of other on the Internet; advertising the goods and services of others; providing assistance to others in the operation of data processing apparatus, namely, computers, typewrites and facsimile machines; providing information about the operation of computers; retail services or wholesale services for measuring and testing machines and instruments, namely, sensors and monitors to be worn by a user to acquire, process, store and transmit biometric data of the user, namely, nanofiber laced clothing with conductive fibres

Class 38

(2) Telecommunication services, namely, transmission of voice messages, e-mail messages, photos, pictures, images, text messages, word documents, music, audio files and video files via a global computer network and other computer and communications networks; consultancy in the field of telecommunication [other than broadcasting]; news agencies; rental of telecommunication equipment including telephones and facsimile apparatus

Class 42

(3) Computer software design, computer programming, or maintenance of computer software; creating or maintaining web sites for others; providing search engines having function of data analysis by computer terminal communication; providing search engines for the Internet; technical advice relating to performance, operation of computers, automobiles and other machines that require high levels of personal knowledge, skill or experience of the operators to meet the required accuracy in operating them; cloud computing provider services for general storage of data; software as a service (SAAS) provider in the field of software for health administration, labor management, safe administration, nursing care, medical care, beauty care and sporting activities; rental of electronic storage space via communications networks; rental of computers; providing temporary use of on-line non-downloadable computer programs for use with biometric monitoring clothing for receiving, processing, storing, transmitting and displaying the biometric data of the user ; providing temporary use of on-line non-downloadable computer programs for health administration, labor management, safe administration, nursing care, medical care, beauty care

and sporting activities; testing or research on electricity; testing or research on telecommunication and mobile communication; research and consultancy on computer software; testing or research on telecommunication machines and apparatus, namely, biometric sensors and wrist bands used for the wireless transmission biometric data of the user to computers, cloud storage networks, or mobile phones; testing or research on measuring and testing machines and instruments, namely, sensors and monitors to be worn by a user to acquire, process, store and transmit biometric data of the user, namely, nanofiber laced clothing with conductive fibres

Trademark Description

The trademark consists of a series of movements depicted as follows: 1: two circles scroll across from left to right; 2: when the circles reach the extreme right, a view through the barrel of a gun appears; 3: the barrel of the gun moves across the screen from right to left as a man walks into view; 4: the man quickly turns and fires a gun; 5: the barrel of the gun starts to waver and then drops down towards the bottom right; and 6: the barrel of the gun dissolves to a circle in the bottom right.

Colour Claim

Colour is claimed as a feature of the trademark. The colors white and red are claimed as a feature of the trademark. The circles scrolling across the screen from left to right until they reach the extreme right are white; When the man quickly turns and fires a gun, the trademark reddens to signify the spilling of blood; When the barrel of the gun dissolves, the circle in the bottom right is white.
